2022 3D DIGITAL IMAGE SHOWCASE

Attention all digital 3D photographers:

You are invited to enter the 2022 3D Digital Image Showcase competition. All images will be presented online during the 2022 NSA Virtual 3D-Con at which time awards will be announced. Each entrant can submit up to FOUR digital images. We will be awarding 1st, 2nd and 3rd place awards for the best overall portfolio (photographer) AND individual images.

There is no cost/fee to enter.

Here are the contest specifics:

1. Each entrant may submit up to FOUR images. Images should be the artist's original work, and may be photographs or computer generated imagery. Only images which have NOT been entered in a previous 3D Digital Image Showcase are permitted. No sexually explicit images will be accepted.
2. Images should be formatted as parallel, side-by-side pairs. Any aspect ratio and pixel dimensions are acceptable; the images will be judged with projectors and/or TVs having a minimum resolution of 1920x1080.
3. Please use the following filename convention for your images:
 - Image number (1 through 4)-Last Name-First Name-Image Title
 - For example: 1-Kuntz-David-This is the title.JPG
 - Spaces, rather than underscores should be used between words in the image title.
4. E-mail your entries to 3DCon2022DIS@gmail.com. Each e-mail can include attachments up to a total of 25 MB in size. Please try to size your entries so that they can fit in a single e-mail.
5. Please make sure the e-mail address you use to submit your images is the one you would like us to use if we need to contact you.
6. Submission deadline is July 15, 2022 at 11:59 PM (Midnight) US Eastern Time.

We look forward to seeing your images. If you have any questions, please e-mail us at 3DCon2022DIS@gmail.com.

Martin Schub
2022 Digital Image Showcase Chairman

Conditions of Entry:

By submitting images, individuals agree to allow NSA and our sponsor (if applicable) to reproduce contest images in Stereo World and/or the sponsoring website. This form will be updated should sponsorship become available.
